

Shelley Wood Award 2020 Nominations

Shelley Wood worked tirelessly on the Relay For Life Committee and the event, alongside her family, to bring hope, courage and inspiration to others affected by Cancer. Despite her treatment and the effect Cancer had on her health, Shelley continued to give back to others with a huge smile and a love for life. Shelley attended the 2005 Shire Relay and read the OATH at the Opening Ceremony, shortly before passing away on 21 June 2005. Her memory lives on through the volunteer work of her family, Marion and Don Wood (parents) and Stuart Wood (brother) and the Sutherland Shire Relay For Life Shelley Wood Award.

The Award is given each year to a survivor who also has experienced the effects of Cancer; someone who against all odds, has fought back and overcome their life circumstances, and who looks beyond themselves to the welfare of others to bring hope, courage and inspiration.

Invitations for nominations are requested each year at the Sutherland Shire Relay For Life. The Shelley Wood Award winner is announced at the Wrap Up Function where an Award is presented.

Please nominate a survivor and write their story of their diagnosis, treatment and journey of living with Cancer.
